

The cost of insurance doesn't need to

break the bank

You know us for houseboat insurance, but did you know we can arrange insurance on practically anything?

When arranging insurance, don't take shortcuts without seeking proper advice, understanding the fine print or considering whether you are getting value for money.

Often you end up with cover you don't need and - even worse - without the cover you really do.

As one of the largest privately owned insurance brokerages in the nation, GGIB offers a complete insurance broking package encompassing technical

insurance advice, market analysis, risk management and claims management services.

We can help with all of your insurance requirements, including Business Insurance:
